FOODSTUFFS & PERISHABLES

We specialize in transportation and storage solutions for perishable food items with precise temperature requirements as low as 32°F. Our advanced 33,000 square feet industrial facility is equipped with specialized temperature-controlled rooms to accommodate the unique needs of all types of food cargo. The various areas within our facility include:

- **Repacking:** Expertly repackaging your produce to meet specific customer requirements.
- **Cold Storage:** Secure and controlled storage facilities to preserve the freshness and quality of your cargo.
- **Pre-coolers:** Dedicated areas for precooling produce, optimizing their shelf life.
- **Temperature Management:** We offer flexible temperature settings, capable of reaching as low as 32°F.

PRODUCT VARIETY

FRUITS & VEGETABLES

We expertly handle any type of fresh fruits and vegetables, ensuring their preservation and quality.

DAIRY PRODUCTS

We accept all dairy items, including milk, cheese, and yogurt, and have implemented segregation protocols to ensure proper handling and storage.

PROCESSED MEATS

Reliably controlled temperature at 40°F or lower to guarantee freshness and compliance with industry standards.

OTC PHARMACEUTICAL PRODUCTS

We provide comprehensive storage solutions for over-the-counter pharmaceuticals, ensuring that they are kept at the perfect temperature. We understand the critical importance of maintaining the right conditions, as medicines can spoil, lose their potency, and potentially cause harm to the body if not stored and transported properly. With our expertise in temperature-controlled storage and transportation, we guarantee that your pharmaceutical products remain safe, effective, and ready for use when needed.

FLORAL LOGISTICS

Streamline your floral supply chain and ensure year-round availability of stunning blooms with our fully equipped inbound processing facilities. Our top-notch network guarantees the freshest bouquets as they remain dormant throughout the storage process, thanks to our reliable temperature-controlled warehouses.

In the fast-paced floral industry, we've got you covered with expedited shipping and strategically positioned processing facilities, supporting both your pre-planned and last-minute orders.

WCA BEST NORTH AMERICAN PARTNER

At Interworld Freight, we are proud to have been recognized as a leader in our field, thanks to our dedication to excellence and our persistence in providing our clients an exceptional customer service. We are committed to continuing to provide you with the best solutions and the highest level of service possible.

INTERWORLD CARES

Our purpose as a company is to serve as a helping hand to children in vulnerable life situations.

By partnering with different foundations in the countries we operate, we are able to provide children with better education conditions, better their nutritional intake and most importantly, we bring them closer to a life of faith and values.
